

ILSConnect

Think Globally, Meet Locally.

The International Law Section (ILS) invites you to **ILS Connect: Think Globally, Meet Locally** - local events across Texas for practitioners and friends who think internationally, across all practice areas.

HOUSTON | DALLAS | AUSTIN | SAN ANTONIO

NETWORKING FORMAT

The ILS Connect events feature a brief legal insight – a quick segment we call “The ILS 15” – followed by informal networking and discussion. No CLE. Refreshments are on you – the connections are on us!

WHO SHOULD ATTEND?

Bring a colleague so they can meet practitioners in diverse legal areas doing business in Texas from a global perspective. Feel free to invite from all practice areas – other bar sections or associations, professors, law students, legal assistants – and your favorite consulate’s doing-business-in-Texas outreach team.

WHY ILS?

International law isn’t just what you practice – it’s how you think. If you work with global clients, navigate cross-border business or compliance, or interact with foreign regulators or investors – then you’re already practicing international law. ILS is where global-minded lawyers belong.
